

Drivers,

We are partnering with Marathon to launch online driver training (ODT) effective [date] to help maintain your access to Marathon terminals. ODT gives you the flexibility to complete required certification training on your own device at a time that works best for you. This change is intended to save time, make certification easier to manage, and help reduce load failures caused by expired certificates. The requirement to renew your certification every three years from the issuance date will remain unchanged.

To prepare for this change, please complete the steps below:

- **Watch for a welcome email** from NoReply@salesforce.com with instructions for accessing ODT through the MPC Hauler Portal. Follow the instructions in the email to set your password in the portal.
- **Log in at <http://www.mpchaulers.com> to complete the training and test.** You can also access the link from the welcome email. **Training can be completed on a mobile device, laptop, or desktop computer.**

If you need assistance, refer to the [quick reference guide](#) for step-by-step guidance. If you experience technical issues, email drivertraining@mplx.com or call Marathon's 24-hour Central Monitoring Desk at 855-672-4285.

If you have questions or need additional assistance, please contact [\[insert company dispatch/administrator contact information\]](#).
