

SUSTAINABILITY *Driven*

CANTON REFINERY SUSTAINABILITY HIGHLIGHTS

Our Canton refinery, located 60 miles southeast of Cleveland, Ohio, processes sweet and sour crude oils, along with condensate from the Utica Shale region. The refinery plays an essential role in meeting regional energy demands with operations that emphasize environmental stewardship, community partnership and promoting a culture of safety. Products are distributed efficiently through pipelines, transport trucks and rail.

Promoting a Culture of Safety

ENGAGING AND EMPOWERING OUR WORKFORCE

Our goal is an accident-free, incident-free workplace

Enhanced safety programs focus on:

- Reducing safety risks
- Peer observations and feedback
- Identifying leading indicators of life-altering incidents
- Applying the principles of operational learning to help people and teams work safely and effectively

Stop-Work Authority

Employees and contractors working at the refinery have the authority to immediately stop work if they believe it poses a risk to themselves, the people around them or the environment.
