ROBINSON REFINERY SUSTAINABILITY HIGHLIGHTS

Our Robinson refinery, located in Crawford County in southeastern Illinois, processes both sweet and sour crude oils and plays an essential role in supporting regional energy demands. For over 25 years, the Robinson refinery has proudly maintained its status as an OSHA Voluntary Protection Program (VPP) Star site—a recognition of its continued commitment to workplace safety and operational excellence. Its operations emphasize environmental stewardship, community partnerships, and the promotion of a culture of safety. Products at the refinery are distributed efficiently through pipelines, transport trucks and rail.

Promoting a Culture of Safety

ENGAGING AND EMPOWERING OUR WORKFORCE

Our goal is an accident-free, incident-free workplace

Enhanced safety programs focus on:

- Reducing safety risks
- Peer observations and feedback
- Identifying leading indicators of life-altering incidents
- Applying the principles of operational learning to help people and teams work safely and effectively

Stop-Work Authority

Employees and contractors working at the refinery have the authority to immediately stop work if they believe it poses a risk to themselves, the people around them or the environment.
