

SUSTAINABILITY DRIVEN

SALT LAKE CITY REFINERY SUSTAINABILITY HIGHLIGHTS

Established in 1908, our Salt Lake City refinery is Utah's largest refining facility, processing crude oil from Utah, Colorado, Wyoming and Canada. Through a commitment to safe, reliable operations, environmental stewardship and strong community partnerships, the refinery helps meet the region's energy needs. Refined products are delivered efficiently through a network of pipelines, terminals and trucks.

PROMOTING A CULTURE OF SAFETY

ENGAGING AND EMPOWERING OUR WORKFORCE

Our goal is an accident-free, incident-free workplace

Enhanced safety programs focus on:

- Reducing safety risks
- Peer observations and feedback
- Identifying leading indicators of life-altering incidents
- Focusing on human and organizational performance foundational beliefs

Stop-Work Authority

Employees and contractors working at the refinery have the authority to immediately stop work if they believe it poses a risk to themselves, the people around them or the environment.
