

SUSTAINABILITY DRIVEN

ST. PAUL PARK REFINERY SUSTAINABILITY HIGHLIGHTS

Our St. Paul Park refinery, located along the Mississippi River southeast of St. Paul Park, Minnesota, was originally built in 1939 and processes both sweet and heavy sour crude oils. The facility plays a key role in supporting the region's energy supply while guided by a commitment to environmental stewardship, community partnership and a strong culture of safety. Refined products are distributed by trucks, rail and barge.

AWARDS AND RECOGNITION

2025 American Fuel & Petrochemical Manufacturers Elite Platinum Safety Award

Recognizes facilities in the top 5% of the industry for superior safety performance and program innovation

2025 U.S. Environmental Protection Agency ENERGY STAR® Certification — eighth consecutive certification

Recognizes facilities in the top 25% of peer facilities nationwide for energy efficiency performance

REFINERY AT A GLANCE

Products Manufactured

- Gasoline
- Distillates
- Asphalt
- Propane
- NGLs
- Petrochemicals
- Heavy Fuel Oil

105,000+

barrels per calendar day of crude oil refining capacity

370+

employees

PROTECTING THE ENVIRONMENT

PROTECTING BIODIVERSITY

5 acres

of protected wildlife habitat

Prairie Park is certified by the Wildlife Habitat Council, powered by Tandem Global

RECYCLING WASTE

260+ tons

of hazardous and nonhazardous waste recycled in 2025

CONSERVING WATER

75 million+

gallons of freshwater recycled in 2025

REDUCING GREENHOUSE GAS EMISSIONS INTENSITY

21% reduction

of Scope 1 and 2 greenhouse gas emissions intensity from 2014 to 2025

INVESTING IN THE COMMUNITY

2025 COMMUNITY INVESTMENT SNAPSHOT

\$1.05+ million

invested in St. Paul Park and surrounding communities by MPC and our employees

197

nonprofits supported

2,000+

volunteer hours by refinery employees

NOTABLE GRANTS

WORKFORCE DEVELOPMENT

\$25,000 to BestPrep to support the Minnesota Business Venture program, where high school students develop business, career and leadership skills

THRIVING COMMUNITIES

\$25,000 to Basic Needs Inc. to support food security, sustainability and access to essential resources in surrounding communities

SUSTAINABILITY

\$88,000 to Dodge Nature Center to support environmental education programs and cultivate future environmental leaders

PROMOTING A CULTURE OF SAFETY

ENGAGING AND EMPOWERING OUR WORKFORCE

Our goal is an accident-free, incident-free workplace

Enhanced safety programs focus on:

→ Reducing safety risks

→ Peer observations and feedback

→ Identifying leading indicators of life-altering incidents

→ Focusing on human and organizational performance foundational beliefs

Stop-Work Authority

Employees and contractors working at the refinery have the authority to immediately stop work if they believe it poses a risk to themselves, the people around them or the environment.
