

Kenai Refinery

Overview

At Marathon Petroleum Corporation (MPC) we're working to enhance life's possibilities. Every day we live our core values of safety & environmental stewardship, integrity, respect, inclusion and collaboration. By reliably providing affordable, safe and abundant energy from coast-to-coast, we look to power today. We're inspired to make tomorrow even better, and we're just getting started.

MPC's Kenai refinery is located on the Cook Inlet, 60 miles southwest of Anchorage, Alaska, and has a crude oil capacity of 68,000 barrels per calendar day (bpcd). The refinery processes mainly Alaska domestic crude along with limited international crude to manufacture gasoline, distillates, heavy fuel oil, asphalt and propane. From Nikiski to North Pole, product delivery occurs through terminals via pipeline, rail and ships.

Health, Safety & Environment

At MPC, the health and safety of our employee, contractors and communities we call home is a priority. We take steps to ensure an accident-free, incident-free workplace. We've implemented cutting-edge safety measures at the refinery, and are recognized as an industry leader.

At the same time, we are passionate stewards of the environment, engaged with multiple organizations to implement initiatives that protect our environment and inspire responsible practices for future generations.

Below is a list of accolades and accomplishments earned by our Kenai refinery.

- > Supports the Cook Inlet Regional Citizens Advisory Council
- > Largest member of the Cook Inlet Spill Prevention and Response Team
- > Conducts regular response drills focused on safety and environmental protection
- > Invested \$44 million to reduce gas flare flow by 50 percent
- > In over 5 years (over 2 million man-hours), there are no significant employee Occupational Safety and Health Administration recordable injuries
- > API Tier 1 and Tier 2 Process Safety performance better than industry first quarter average for more than 10 years

Community

We believe in responsible citizenship, and are actively involved and engaged in the Kenai community. At MPC, we know that community is important. We make it a priority to offer time, talent and financial support for efforts that have a positive impact on the community through science, technology, engineering and math (STEM) related concepts and careers; that make our communities safer places to live and work; and that protect, conserve and sustain our environmental resources. Listed below are some of our partner organizations.

- > Provided significant investments for science, technology, engineering and math (STEM) education, public safety and environmental programs on the Kenai Peninsula and across Alaska
- > Served as Signature Sponsor of "Caring for the Kenai," a nationally recognized contest for Kenai Peninsula high school students
- > Sponsored Kenai Peninsula Borough Upstream Academies focused on STEM education for at-risk middle school students
- > Strong supporter of local needs organizations from the Boys and Girls Club to the Kenai Peninsula Food Bank
- > Sponsored Marine Simulator upgrade for the Alaska Maritime Training Center to allow for critical training in a safe and controlled environment

Quick Facts

EMPLOYMENT: Approximately 240 employees

REFINING CAPACITY: 68,000 bpcd
